

THE ADVITECH GROUP HEADQUARTERS MOVE INTO BRAND NEW PREMISES AT THE STEEL RIVER INDUSTRIAL ESTATE

MD's Welcome

I am proud to announce that **The Advitech Group** headquarters are moving to the Steel River Industrial Estate. Moving to the brand new office with large workshop facilities is another milestone for The Advitech Group, which was formed last year.

Both Advitech and Novecom will be located at the Steel River headquarters, whilst Hushpak Engineering will remain at Adamstown. Our open plan office and large workshop areas will allow our company to keep growing and expanding, well into the future.

Twenty two years ago, Invartech started in Newcastle, providing professional engineering and drafting services to diverse companies and industries. In 1994, the company name changed to **Advitech**, which is now well recognised and regarded throughout Newcastle and The Hunter Region.

Today, Advitech also has a Sydney based office to support its growing customer base. We continue to offer multidisciplinary skills across diverse industries and geographical locations.

The new office and workshop has been a showpiece for local builder ATB Morton. They incorporated our recommen-

dations for resource efficiency whilst maximising the aesthetics and functionality of the office and workshops. We have also re-created our "beer garden", which is a long standing Advitech tradition.

Our staff are looking forward to working in the modern, open plan office. They recognise the opportunities that a large workshop and functional meeting rooms will bring for many of our customers.

We hope you can join us at the official opening Ceremony which will be held later this year.
